NEWS into FOCUS

By J. C. PHILLIPS

From Robert Knight, Box 417, Austin, Texas, we have received a copy of the latest book by the author of "The Pentagon Case." This book is entitled:

Behind The Plan For A
Socialist America:

**THE
WELFARE
STATERS**

By Col. Victor J. Fox

Author of

THE PENTAGON CASE

We suggest that you send to Bob Knight \$5.00 for a copy of this book because it will help you to understand the motive behind the present trend of our government toward socialism and internationalism.

THE WELFARE STATERS

A NON-FICTION
DOCUMENTED EXPOSE

By Col. Victor J. Fox

Here, at long last, is the non-fiction book on internal subversion that the author has been urged to write ever since his book **THE PENTAGON CASE** became a leading bestseller in the anti-communist field.

THE WELFARE STATERS is a unique approach in this field, combining the absorbing interest of a personal narrative, based on actual experience, with documentary material which is shocking in its implications. Significantly, much of this documentation has been subjected to an intensive press "blackout" which has been highly effective in keeping it from the general public.

Basically, this book is a day-by-day account of some of the most dramatic events preceding the turning point of the Cold War, when the Welfare Staters of the New Frontier were unmasked and the sinister forces behind them were exposed. Anyone who is reading merely for "entertainment" should be forewarned: this is strong medicine, and many "Liberals" and "intellectuals" will not like it.

Readers who have never heard of the Council on Foreign Relations (CFR) and its hydra-headed interlocking organizations will learn for the first time that at least three men who have become President of the United States — including John F. Kennedy — have been members of this group which constitutes virtually an "invisible government" of the United States. These same readers will be shocked to learn that the CFR has also included several notorious traitors and Soviet agents in its membership — a fact which could prove highly significant in the next Congressional and Presidential elections.

No one who reads this book can ever again be hoodwinked by the vicious fraud that communism is a "political" problem, that socialism has no connection with communism, or that there is no danger to this country from internal subversion.

"Col. Victor J. Fox" is the pen-name of a well-known retired U. S. Naval Aviator who became an "Ace" fighter pilot in World War II. He trained and commanded one of the Navy's outstanding fighter squadrons, receiving five decorations for personal combat. His service included staff, intelligence, and public information assignments, plus two years with the Central Intelligence Agency (CIA) and two tours of duty in the Pentagon. He is the author of six other books, including **THE PENTAGON CASE**, plus numerous articles in leading national magazines.

Strenuous efforts have been made to discredit the author and to restrict the sales of his books. He has been attacked by official Communist publications, by prominent left-wing columnists, and by unnamed Pentagon "spokesmen."

His first experience with communist strategy came during the Finnish-Russian War in 1940, when he served as a test pilot and flying instructor to Finland's fighter pilots during their winter war with the Soviets. During the two decades since this he has specialized in the study and exposure of communist tactics of internal subversion.

NOTICE! Nothing is more useless than a book which is not being read. READ this book and pass it along to someone else who doesn't want to sit still and watch America go down the drain.

Sincerely,

The Publishers

ANNOUNCEMENT —

Please Read!

"Beware lest any man spoil you through philosophy and vain deceit, after the tradition of men, after the rudiments of the world, and not after Christ." (Col. 2:8).

If Freedom in Christ and according to our historic American

way of life is to survive and grow again in the world it is essential that we know quickly our enemy, who he is and how he operates.

Again, we emphasize the basic need for home Bible study groups using only the Bible as the basis for study for here we find not only the only answer to our dilemma but the enemy described in detail.

The true and only enemy is the force of anti-Christ.

In searching for other materials through which one can know the enemy, one may become lost in hundreds of volumes. We are humbly grateful that we have the opportunity to offer a series of four volumes which will clearly and completely describe the real enemy — this will be known as the "Know Your Enemy" Series.

The first of the series is "**THE WELFARE STATERS**" by our good friend, Col. Victor J. Fox. The next release in the series will be announced to you as quickly as it is available. Please do not ask for advance information on coming volumes.

For each minimum contribution of five dollars (\$5.00) we will send "The Welfare Staters" as a gift to you or to anyone whom you may designate. Please help to gain wide-spread reading of this book while there is yet time to turn the tide of the destruction of the anti-Christ. Please specify with your contribution that you want KYE No. 1 as your gift.

Even though you may appear to stand alone in your area, "Stand fast therefore in the liberty wherewith Christ hath made us free, and be not entangled again with the yoke of bondage." (Gal. 5:1) God will bless your stand for Christ. We are praying for your stand that it will bear much fruit.
